

THE CENTRAL UNIVERSE

The perfect and divine universe is at the center of all creation; it is the eternal core around which the vast creations of time and space revolve. Paradise is the gigantic nuclear Isle of absolute stability which rests motionless at the very heart of the magnificent eternal universe. This central planetary family is called Havona and is far-distant from our universe. It is of enormous dimensions and almost unbelievable mass and consists of one billion spheres of unimagined beauty and superb grandeur. We are told that it is utterly beyond the grasp of the human mind.

This is a wholly created and perfect universe; it is not evolutionary. This is the eternal core of perfection, about which swirls that endless procession of universes which constitute the tremendous evolutionary experiment, the audacious adventure of the Creator Sons of God, who aspire to duplicate in time and to reproduce in space the pattern universe, the ideal of divine completeness, supreme finality, ultimate reality, and eternal perfection.

URANTIA

and

THE LOCAL UNIVERSE

Nebadon, our local universe, is located in the Milky Way Galaxy and comprises one hundred constellations each embracing one hundred systems of inhabited worlds. Each system will eventually contain approximately one thousand inhabited (evolutionary) worlds, Urantia being number 606. As we continue our universe career to Paradise we will reside on many architectural (non-evolutionary) spheres at the centers of these systems.

THE URANTIA BOOK

Harmonizing Science, Philosophy, and Religion

The Urantia Book presents a more accurate conceptual frame in which to engage such questions as the nature and personality of God, the life and teachings of Jesus, the relationship between science and religion, and infinitely more. It informs us of our cosmic citizenship in a vast universe containing millions of worlds inhabited by a host of personalities, both human and superhuman.

It reveals truth and coordinates essential knowledge in relation to our origins, history and destiny.

It provides an advanced set of initial assumptions in which to organize society and governments.

It reveals mankind's common heritage going back over 500,000 years.

It enhances the Bible.

It changes everything!

Christ Michael's incarnation on Urantia was the 4th Epochal Revelation to our world, and now he has sent us a book. The Urantia Book is the 5th Epochal Revelation to our world.

The Urantia Book tells us that our world, Urantia, is the creation in time and space of a Son of God the Father and a Creative daughter of the Infinite Spirit on Paradise.

The Creator Father and Mother govern their universe as a divine partnership, wholly cooperative and perfectly coordinate. This is the transcendent pattern for the family organization and for world governments.

Gabriel, the Angels, Melchizedeks and other members of their spiritual family are brought into being and grow in experience as they share the Universe ascent with us.

We mortal children are brought into being in "time" (evolution is God's creation in time). When a world has been terraformed and made ready for life implantation, the Life Carriers establish single celled life forms. The Mother Spirit then contributes the reproductive spark and accordingly, "true" humans evolve.

As the gift of our Personality becomes encircuited in the ministries of The Spirit of Truth and The Holy Spirit, this new son of God, you, are empowered. If you choose, you can exercise the endowment of free will. You can choose to reality-ize; to be perfect even as He is perfect.

It is a consequence of this universal mandate that all life is inherently impelled to grow towards perfection.

When our body dies, our soul is enseraphimed and carried to the Mansion Worlds. Except for inhabiting a new form, we begin there exactly where we leave off here.

THE LIFE AND TEACHINGS OF JESUS

The "Jesus Papers" were indited by an order of beings known as the Midwayers. They are the permanent citizens of Urantia and like the angels, they strive to bring God's plan to fruition.

The authors recount the day to day life of the Master in vivid detail. The gospels and parables are illuminated. Throughout these papers, we come to know him and his apostles personally.

They state that, "Of all human knowledge, that which is of greatest value is to know the religious life of Jesus and how he lived it."

The human Jesus, Christ Michael, was born into this world on August 21st, 7 BC. He was the first of nine children born to Joseph and Mary. Even as a very young child, he often spoke openly about communing with his Father in heaven.

One night while attending his first Passover, a messenger sent by Immanuel appeared to him and said, "Your hour has come. It is time that you be about your father's business."

And this was the first act of a long succession of events that culminated in the completion of this Creator Son's mission on earth, thereby placing all power in heaven and on earth in his hands.

On Sept 25th, A. D. 8, when Jesus was 14, his father was killed while working in Sepphoris. For the following 13 years, young Joshua ben Joseph provided for the welfare and education of his family. He learned by personal experience the responsibilities of parenting.

Then for almost 2 years he traveled the Roman Empire laying the foundation for the Gospel of the Kingdom, "God is your father and all mankind are your brothers and sisters."

On Jan 14, A.D. 26, the Father in heaven proclaimed His Son's divinity. This momentous event occurred following his baptism in the Jordan when a voice was heard to say, "This is my beloved Son in whom I am well pleased."

On Aug 15, A.D. 29 on the Mount of Transfiguration, Gabriel and the Father Melchizedek appeared to the Master, and in view of Peter, James and John, proclaimed the completion of Jesus' bestowal on Urantia.

The Master chose to terminate his work on earth when the interest in his message had reached a high point and He chose to die as the "Son of Man." He appeared in morontia form to encourage his followers on 19 separate occasions following his crucifixion and burial.
