

THE EVOLUTIONARY UNIFICATION OF MAN AND SUPREME

The Identity of the Human Personality

Mortal man, being a creature, is not exactly like the Supreme Being, who is deity, but man's evolution does in some ways resemble the growth of the Supreme. Man consciously grows from the material toward the spiritual by the strength, power, and persistency of his own decisions; he also grows as his Thought Adjuster develops new techniques for reaching down from the spiritual to the morontial soul levels; and once the soul comes into being, it begins to grow in and of itself.
