The Deity Portrayals of the Seven Master Spirits

The Seven Master Spirits of Paradise are the primary personalities of the Infinite Spirit. In this sevenfold creative act of self-duplication the Infinite Spirit exhausted the associative possibilities mathematically inherent in the factual existence of the three persons of Deity. Had it been possible to produce a larger number of Master Spirits, they would have been created, but there are just seven associative possibilities, and only seven, inherent in three Deities. And this explains why the universe is operated in seven grand divisions, and why the number seven is basically fundamental in its organization and administration. [UB 16:0:2-9 (184:2-9)]
